GLOBAL ALIGNMENT LOCAL IMPACT GENERATIONAL SUPPORT

Elyon stands against the injustice of Taliban’s oppression of women, and reminds us that light will always triumph. Jeremiah encourages us to take time and learn about the positive affect of each other’s differences. Max, a fifth grader living with Tourette’s Syndrome, shares his journey, and with it, a message empathy and acceptance.

Organized annually in El Cajon as part of the TEDxYouth initiative, this event has been a global stage for the past decade. Here, students ranging from five to eighteen years old share their unique stories, life-changing experiences, and inspiring ideas that connect with our diverse community.

As a partner of TEDxKidsElCajon, your organization will align with one of the most recognized and respected brands globally. On YouTube alone, TED reaches over 24 million subscribers, and every talk given at TEDxKidsElCajon is on the Official TED YouTube Channel. Yet the impact and connection from your partnership is profoundly local. Every year, the event draws over 1500 attendees from the Greater San Diego and East County Community. Including leaders from the academic, business and civic sectors as well as students and their families. Moreover, you will be supporting a generation of thought leaders. Over this past decade, over 200 student speakers have taken the stage to share their ideas that bring hope, inspire change and drive us to action.

Connect with us at tedxkidselcajon@cajonvalley.net and let us continue to provide a platform for youths like Elyon, Jeremiah, and Max. Become a TEDxKidsElCajon partner today.

The Magnolia El Cajon, CA

The purpose of TEDxKidsElCajon is to help develop and amplify student voices. We empower our youth by creating space for them to share their ideas, bringing awareness to their experiences, and advocating their perspectives. Listening to our youth creates understanding, builds deeper relationships and opens the hearts and minds of our community.

About TED:

TED is a nonprofit organization that is devoted to spreading ideas. It began in 1984 as a conference where Technology, Entertainment and Design converged, and today covers almost all topics — from science to business to global issues — in more than 100 languages. It is a global community, welcoming people from every discipline and culture who seek a deeper understanding of the world. It is built on the belief in the power of ideas to change attitudes, lives and, ultimately, the world. Meanwhile, independently run TEDx events help share ideas in communities around the world.

TEDx:

x = independently organized event in the spirit of ideas worth spreading, is a program of local, self-organized events that bring people together to share a TED-like experience. At a TEDx event, TEDTalks video and live speakers combine to spark deep discussion and connection in a small group.
